Brief prompts will guide you through the expedited start process.

2) Confirm your **name** and the **exam** you are taking (**Figure 11**). Clicking **No** opens the **LiveChat** feature.

3) Confirms the **exam rules** including allowed resources (**Figure 12**). Clicking **No** opens the **LiveChat** feature.

4) Your computer is checked for basic requirements and an instructional video is shown (**Figure 13**).

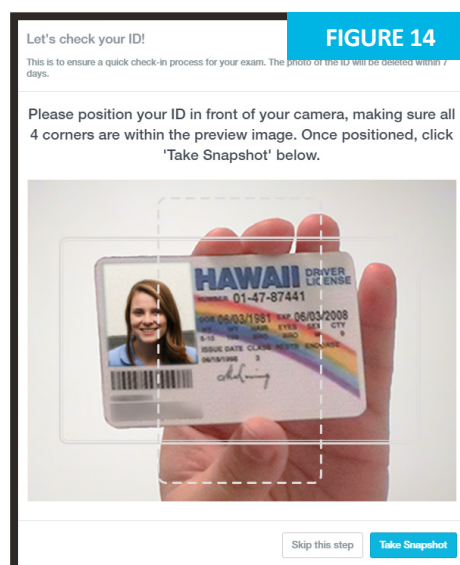

5) Take a picture of your photo ID to show the proctor (**Figure 14**).

Click **Skip this step** to opt out of this step and show your photo ID directly to the proctor instead.

**7)** You are prompted to **download and run** an applet (**Figure 16**). When you and the proctor connect in the proctoring room, your video is shown in the bottom right corner of the video feed and the proctor's video is on the left (**Figure 17**).

FIGURE 17

**8)** **Figure 18** shows the downloaded applet and the chat box, which connects you and the proctor. Once connected to the proctor, the proctor will initiate two-way video and audio.

## Authentication

**1)** After connecting to the proctor via webcam and screen-sharing software, the proctor checks the photo ID picture taken earlier.

If the photo ID is illegible or you opted out of taking an ID picture, you will be asked to show your photo ID to the camera so the proctor can verify your identity (**Figure 19**).

The ID information in **Figure 19** has been intentionally blurred for privacy reasons. In an actual proctoring session, you will show a fully-visible ID so that the name and picture can be clearly seen and read by the proctor.

The proctor checks your profile photo taken and updates the photo if it is blurry or unrecognizable.

**2)** You will be authenticated with a quiz that uses challenge questions based on publicly-available records, as shown in **Figure 20**.

Questions are typically related to previous addresses, phone numbers, roommates and relatives. ProctorU does not know or store these questions or answers.

# Securing the area

FIGURE 21

1) The proctor secures your physical testing area by asking to pan their camera and show your complete workspace and surroundings, as seen in **Figure 21**.

FIGURE 22

2) If the camera is internal, you are asked to show the proctor the edges of your monitor using a reflective surface, such as a mirror (**Figure 22**). This ensures that there are no unauthorized materials attached to your computer or monitor.

3) The proctor secures the virtual testing environment by checking for unallowed programs, virtual machines and cloned monitors.

You will be asked to close any prohibited software before proceeding to your exam website.

# Log in to learning management system

After completing the authentication and environment scan process, you will log in to your Learning Management System (LMS) and the proctor will verify that account is yours and taking the correctly assigned exam, as shown in **Figures 23** and **24**.

During the exam, your proctor monitors video feed and testing environment to ensure your are not receiving verbal answers from an outside source.

Screen-sharing technology allows the proctor to see your computer screen while you complete the exam.

During the exam, your proctor pauses their video and audio so you are not disturbed. They continues to monitor you and are available via the chatbox.

# Log out procedures

If suspected, ProctorU engages you in real time to prevent integrity breaches.

Any suspicious activity – including, but not limited to, using unapproved sources, taking unauthorized breaks during the exam or communicating with another person – is documented using photos or video and reported to the institution.

**1)** Once you complete the exam, *but before you submit*, contact the proctor via the chatbox (**Figure 18**).

The proctor will verify your exam submits successfully (**Figure 25**).

**2)** The proctor will guide you through the closing process by verifying the test submission and watching you log out of the testing site. An example log out button is shown at right.

Should you have any concerns about your session, ask your proctor or fill out the post-examination survey with comments and rate your proctor and proctoring session.
