Form I-9 Processing in I-9Advantage/E-Verify Initiating Section 1 and Completing Section 2 of the Form I-9

E-Verify Processing

E-Verify is an internet-based system that allows companies to confirm the eligibility of their Employees to work in the United States. E-Verify is a voluntary program for most employers, but mandatory for some, such as employers with federal contracts or subcontracts that contain the Federal Acquisition Regulation (FAR) E-Verify clause, and/or employers in certain states that have legislation that mandates the use of E-Verify for some or all employers.

The system will automatically submit the Form I-9 information to E-Verify for verification with the **Social Security Administration (SSA)** and the **Department of Homeland Security (DHS)**, if applicable, and a case result will be provided. The results can be initial, interim, or final. Every case must reach a final case result before it can be closed.

Authorized Users are required to follow the guidelines in the E-Verify handbook. The ***E-Verify Results Guide*** provides further information regarding each result however, is not intended to be a substitute for the required E-Verify training offered for the I-9 system. Please contact Kris Mayer at 803-777-3343 for more information regarding required E-Verify training.

E-Verify Users Must:

- Create a case by the third day after the employee started work for pay
- Review original unexpired documents
- Review a document with a photo
- Discuss and print the Further Action Notice privately with the employee

E-Verify Users Must Not:

- Create duplicate cases for the same employee
- Verify employees hired before Nov. 7, 1986

If you have been designated as an i9Advantage/E-Verify User, you may receive an email from the i9Advantage team to reset your password. This would be used for actions that need to take place on their platform such as retrieving status letters, i9 updates and additional information. The system is integrated for initial log in and results from PeopleAdmin Onboarding, but it does link up to a separate site for additional processing you may need access to. After that, please bookmark their site for future use.
