

INFORMATION SCIENCE, B.S.

Learning Outcomes

1. Students will describe the techniques and principles for creating, storing, organizing, transforming, and communicating information to various information seekers.
2. Students will demonstrate practical skills of information science and the use of information systems.
3. Students will demonstrate the comprehension of the valuable role of information and information technology in society as well as the diversity of needs and uses for information.

Entrance Requirements

New freshmen who meet University admissions standards are eligible for admission to degree programs offered by the School of Information Science.

A student who wishes to enter the School of Information Science from another college on the Columbia campus must be in good standing and have a cumulative GPA of 2.00 or higher. A student who wishes to enter the School of Information Science from another USC campus must fulfill one of the following requirements:

1. Be in good standing, meet the admission requirements for a baccalaureate degree on the Columbia campus, and have a cumulative GPA of 2.00 or higher.
2. Be in good standing and have completed 30 semester hours with a GPA of 2.00 or higher on a USC campus.

A student who wishes to enter the School of Information Science from another institution must have a cumulative GPA of 2.25.
