

SCHC 497: Honors College Independent Research Course (3 Credit Hours)

Faculty/Student Contract

Upon completion, the **STUDENT** should upload this form on the [Independent Research Course Contract Submission page](#).

Student First Name:

Student Last Name:

Student ID (the one beginning with a letter):

Student Email:

SCHC 497 Term:

The faculty member and the student should collaborate to complete this part of the form:

Describe in detail the research question and area of interest to be pursued in this project. If pursuing creative scholarship, please describe the student's project. Also describe the significance of this project to your academic discipline.

State the activities that the student will be engaged in on a daily or weekly basis. Be specific. For instance, will the student be engaged in data analysis, literature reviews, lab tests, media production, survey development, artistic pursuits, etc.? Describe these activities in detail.

How will successful completion of the independent research course be determined? Describe the requirements and grading criteria.

The faculty member should complete the remainder of this form.

Faculty First Name:

Faculty Last Name:

Faculty Email:

Campus Position: Tenure or tenure-track faculty Clinical faculty Full-time instructor/lecturer
Other (Please describe your position)

I hold a full-time teaching or research role at the University of South Carolina (Columbia campus or School of Medicine Columbia).

By committing to serve as the faculty of record for this independent research course, you agree to:

Provide independent research supervision and mentorship that allows the student to engage deeply with the subject matter and learn research procedures appropriate to the discipline.

Communicate and meet with the student regarding research obligations and to establish shared expectations and an appropriate timeline for completion of the research.

Oversee research and related requirements that are equivalent to a 3 credit hour class at the University of South Carolina.

Submit a course grade for the work completed.
