Prepare for Your Future

The online UofSC Bachelor of Arts in Elementary Education program prepares students for rewarding careers teaching children in grades 2 through 6. Through the online learning experience, students learn to engage children in inquiry, facilitate learning and develop curriculum. Students also learn to collect, analyze and interpret student data to inform instruction.

Field and Clinical Experiences

This program requires extensive field experiences in South Carolina P-12 schools. High-quality, diverse school experiences are essential to an effective teacher preparation program. Through these experiences, students gain valuable knowledge and skills by observing and working with teachers, school children, administrators and parents.

The Office of Clinical Experiences will arrange all field experience, practicum and internship locations. The College of Education works to provide quality and diverse P-12 experiences throughout the program. While efforts will be made to minimize lengthy travel time to schools, students should be aware that some travel may be required to participate in these experiences.

Why should I complete a degree online from UofSC through Palmetto College?

The programs are developed and taught by the same professors who teach statewide in the nationally renowned UofSC system. As a Palmetto College student, you'll have access to the university's academic resources. And best of all, when you're finished with the program, you'll graduate with a degree from a top-notch, nationally recognized university!
