

B.S./MASTER OF ACCOUNTANCY ACCELERATED PROGRAM

Combine your undergraduate and graduate accounting degrees to save time and money.

WHY ACCELERATE?

The Accelerated program is available to undergraduate accounting majors and other majors completing the accounting cognate. It allows you to “double count” up to four classes for undergraduate and graduate credit. “Double counting” these classes allows you to:

Finish the MACC program **in less time and save up to \$7,200** in tuition

Use your undergraduate **scholarships to pay for up to 40 percent** of your MACC degree

Meet the **150-hour CPA license education requirement** and earn a graduate degree in the same amount of time it takes to double major

Enjoy a **reduced schedule** in the MACC program, which will allow you to complete the CPA Exam by graduation

HOW IT WORKS

To participate in Accelerated and “double count” courses, you must be admitted to the MACC program, confirm your enrollment, and submit the required Accelerated forms each semester you wish to “double count” at least one course.

- Courses numbered 500 and higher can be taken under Accelerated for both undergraduate and graduate credit. Courses numbered 700 and higher may be applied to undergraduate elective options.
- Accelerated students earn graduate credit for the 600-level versions of the accounting major elective courses.
- Accelerated courses are not limited to ACCT courses. This allows undergraduate electives to “double count” as MACC electives.
- Honors College Students: Accelerated courses taken for graduate credit may count as honors sections. Please discuss this with your honors college advisor.
- Core 700-level MACC courses must be taken as an undergraduate to complete your MACC on an accelerated timeline.

GETTING STARTED

Planning for Accelerated:

Follow the following steps to determine how Accelerated will work with your undergraduate program of study:

1. Visit sc.edu/moore/macc_accelerate to learn more about the program.
2. Meet with your undergraduate advisor to identify your remaining degree requirements.
3. Use the Course Planning Worksheet to map out your remaining undergraduate courses.
4. Meet with the MACC Accelerated Program Coordinator to discuss your Accelerated course plan.

Applying to the MACC Program:

The MACC program’s application process is the same for all applicants – Accelerated or not.

- MACC application guidance: sc.edu/moore/macc_admit
- Accelerated application guidance, including deadlines: sc.edu/moore/macc_accelerate
- You must be admitted to the MACC program before you can “double count” courses.
- Apply for the Accelerated program during the last semester of your “junior” year (two semesters remaining) or when you meet the requirements, if later.
